P

PROUD LITTLE LEARNERS

Weekly kindergarten math

Week 2 of 8

Counting to 10

Count groups from 5 up to 10, then count the same numbers on a ten-frame.

Before you start
Start here if your child can count objects up to 5.

Inside this week

- 7 practice pages
- An answer key for every practice page
- A one-page note for the grown-up
- A small progress tracker

US Letter · print in black and white · about 10 minutes a day

This week's note

How this week goes

About 10 minutes a day. The counts grow by one each page, from 6 up to 10. Do practice pages 1 to 7 in order.

I do, we do, you do

Problem 1 is marked I do. Do it out loud. Problem 2 is marked We do. Do it together. Your child does the rest. If the rest falls apart, do one more problem together.

What is on each page

Practice pages 1 to 5 count loose circles, one new number at a time. Practice page 6 puts those counts on a ten-frame. A full top row is 5, and a full frame is 10. Practice page 7 asks what number comes next, up to 10.

If your child gets stuck

If 8, 9, or 10 falls apart, cover the bottom row and count the top row of 5 first, then the extras. Go back one page rather than skipping ahead.

When to go to next week

Next week is comparing. Move on when counting to 10, including the ten-frame on practice page 6, needs only a little help.

What you need

A printer, US Letter paper, and a pencil. Counters such as cereal or coins are optional.

License

Personal, homeschool, and single-classroom use. You may print copies for the children you teach. Do not resell this file or redistribute it.

These are practice pages. They are not a test, and they are not a promise of a particular result.

Name _____ Date _____

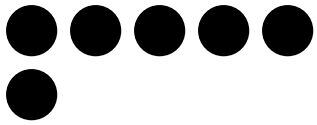

Five and six

Count the circles. You will see 6, which is one more than 5.

Name _____ Date _____

What comes next?

Write the number that comes next.

I do

1. 4 5 6 ☐

We do

2. 6 7 8 ☐

3. 7 8 9 ☐

4. 3 4 5 ☐

5. 8 9 ☐

6. 5 6 7 ☐

Progress tracker

Color a star, or put a sticker on it, when a practice page is finished. About 10 minutes is enough for a day.

1. Count to 6 
2. Count to 7 
3. Count to 8 
4. Count to 9 
5. Count to 10 
6. Ten-frame counts 
7. Next number to 10 

For grown-ups. Match the practice page number.
